Dear Mr. Davis,

I wanted to send a letter of appreciation to you and your company for the architecture and engineering services that were provided for our newly completed Sheriff's Office and Jail.

Precision Planning, Inc. designed a facility that met our expectations, will be easy to staff and maintain and will last for many years to come. The level of professionalism and the manner in which you worked with the contractor made the process run smoothly. We are pleased to have a new facility that was completed on time, which came in under budget and was constructed without a change order.

We have received numerous compliments on this facility. This is a facility that the Sheriff's office and the citizens of Upson County can be proud of.

Sincerely,

Dan Kilgore, Chief Deputy
Upson County Sheriff's Office
