Lance,

I am happy to provide an update regarding our level of satisfaction with the facility designed by Precision Planning. I would like to commend you and your staff for the quality of work performed in the course of design of the Cecil B. Moore Law Enforcement Center. Everyone involved in this project was professional, knowledgeable and best of all; responsive.

This facility was designed to meet our current needs but takes future requirements into consideration. We have had the time to assess the functionality of the building and my staff is very pleased with the way it facilitates all of our security and monitoring functions.

Thanks for making this project go smoothly.

Barry Bailey, Chief Deputy
Wilkes County Sheriff's Office
